DETAILED ACTION

The amendment filed on 8 May 2006 canceling all claims drawn to the original invention and presenting only claims drawn to a new invention is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected invention because The invention of original claim 1 and new claims 6-25 (renumbered from 2-21 since claims 2-5 had been previously pending and cancelled in the preliminary amendment filed 28 April 2004) are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct if they do not overlap in scope and are not obvious variants, and if it is shown that at least one subcombination is separately usable. In the instant case, the subcombination of original claim 1 has separate utility such as with use in electroplating of metal instead of with electroless plating of metal. See MPEP § 806.05(d).

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
